Description

Sika[®] Handclean is a unique waterless hand-cleaning system combining both a high quality liquid hand cleaner formula and heavy-duty, non-scratching, abrasive hand-cleaning towel.

Areas of Application

Apart from normal dirt and soils, Sika[®] Handclean will remove heavy-grease, lubricants, adhesives, oils, tar, inks, wax and many other difficult to remove soils such as coal dust, graphite and grass stains etc.

For professional use only!

Method of Application

Use Sika[®] Handclean by scrubbing your hands. Immediately after use, reseal container tightly.

Packaging Information

Bucket	70 Towels

Value Bases

All technical data stated in this Product Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

Legal Notes

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
